VIA: Deputy Director (Support)

REFERENCE: Procedure for Establishing Numerical Requirements,
MBT-5615/3

1. The DD/P Materiel Board has considered the items listed below for use by the Clandestine Services upon the recommendation of the [REDACTED] and the Office of Communications. It was determined that requirements existed and that the items were operationally suitable. All items were classified standard by the Board.

2. The Board's recommendation as to the number of each item to be procured initially is shown below; the recommendation is qualified, where an asterisk appears, by the feeling that no shelf stock is necessary for commercially available items if procurement of the quantities indicated can be effected within 15 days.
